PROFILE

Computer Science teacher and software engineer with expertise in programming instruction, STEM education, robotics workshops, and full-stack development. Passionate about making technology engaging through project-based learning while leveraging software engineering skills to build impactful solutions.

TEACHING EXPERIENCE

Computer Teacher

Mount Litera Zee School

Jan 2026 – Present

- Teach Computer Science and digital literacy to middle and secondary students.
- Conduct practical sessions on coding, AI, and emerging technologies.
- Mentor students through project-based and activity-driven learning.

Robotics Workshop Instructor & Chess Coach

2025 – Present

- Conduct STEM and robotics workshops for school students.
- Train students in analytical thinking through chess coaching.
- Organize competitions and interactive learning activities.

INDUSTRY EXPERIENCE

AI Intern — Microsoft & SAP (TechSaksham)

Feb 2025 – Mar 2025

- Developed an NLP-based resume screening and ranking system using Python, Scikit-learn, NLTK, and Streamlit for automated candidate evaluation.

Full Stack Developer Intern — EY GDS

Dec 2024 – Jan 2025

- Developed a MERN-based digital wallet application with REST APIs and user authentication.

PROJECTS

- TradeDeck:** MERN-based stock trading simulator with interactive dashboards and portfolio management using React.js, Node.js, Express.js, and MongoDB.
- J.A.R.V.I.S.:** Python desktop assistant for task automation and speech recognition using SpeechRecognition and OS automation libraries.
- Hostel Management System:** Multi-user, role-based database web application built utilizing PHP, HTML5, CSS3, and MySQL.
- BattleBoard Chess:** Multiplayer desktop chess application implementing full game logic using Python and PyGame.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, C, PHP

Frameworks: React.js, Node.js, Express.js, Streamlit

Databases & Tools: MySQL, MongoDB, Git, GitHub, Unity, Postman, VS Code

Teaching: AI Basics, Robotics, STEM Education

EDUCATION

B.Tech in Computer Science & Engineering (2021–2025)

Murshidabad College of Engineering & Technology

MAKAUT | **CGPA: 8.40/10**

ISC — Mary Immaculate School (2021) 89.8%

ICSE — Mary Immaculate School (2019) 91.6%

CERTIFICATIONS

- Cisco Ethical Hacker
- Unity Create With Code
- TechSaksham AI Internship Certification (Microsoft & SAP)
- Full Stack Developer Internship Certificate (EY GDS)

ACHIEVEMENTS

- 4× Chess Champion (2022–2024) | Top 10 — District Chess Tournament (2025)
- Winner — AI Hackathon (MCET)
- Voice actor and production lead for 150+ Bengali audio stories.
